MEMORANDUM FOR: Comptroller

SUBJECT : Manpower Survey

1. This memorandum is for information only and contains my views and statements of action relative to the subject report.
2. With regard to statements contained on pages 15, 18 and 19 of the Manpower Review Task Force report having to do with selectivity in the acceptance of support tasks I believe we have in our fund and ceiling limitations, plus our supervisory attention to such matters, the degree of control presently required. It has taken many years to get the Support offices developed to the point where negative attitudes have been supplanted by expert support service. I would hate to do anything to upset this philosophy.
3. Pages 3 and 4 of Annex 4 deal with the creation of centralized administrative services in Headquarters. This has been accomplished through the recently created Logistics Services Division.
4. I have assigned responsibility to the various Support offices for all other action of a support nature in the report. When we have completed these actions, I will provide you with a summary report.
